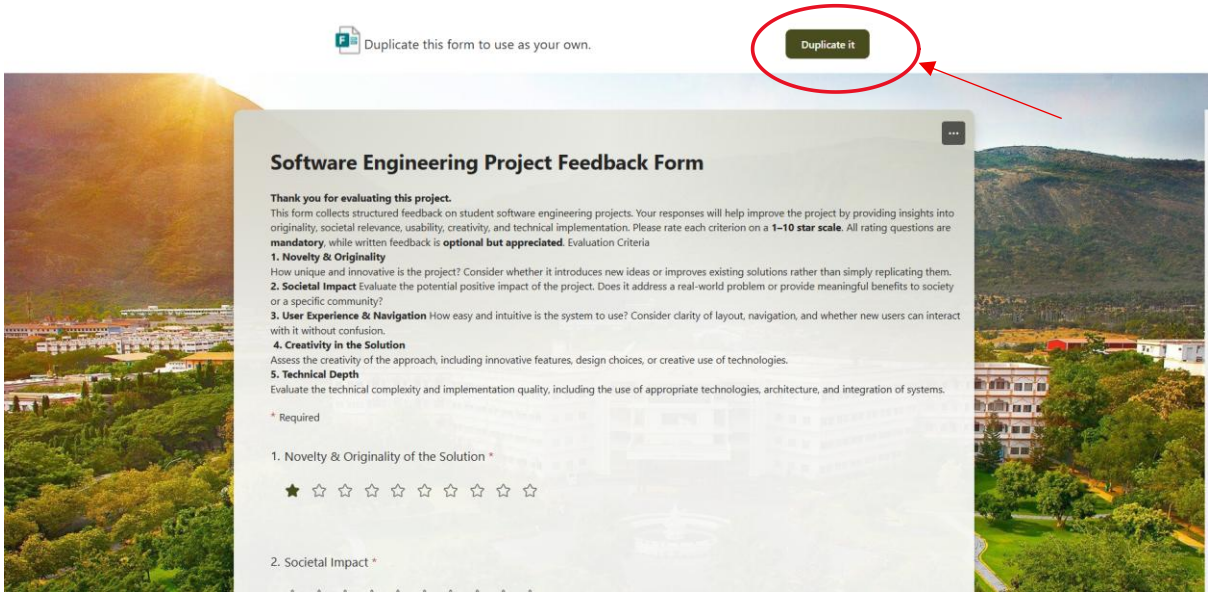
Step 1 — Open the Template Link

1. Click the **Microsoft Forms template link** shared with you.

   https://forms.office.com/Pages/ShareFormPage.aspx?id=o835AF4H5USqC6ujrdZTn66vyo_L2z1PiiheUX7x5C9UOU1QVjlKUlkxVkxIQkFIOFFGN1JBS0M2SC4u&sharetoken=k7BJEmIIeB3D0DA14gi5

2. When prompted, **sign in using your Amrita email ID** (for example: username@cb.amrita.edu).

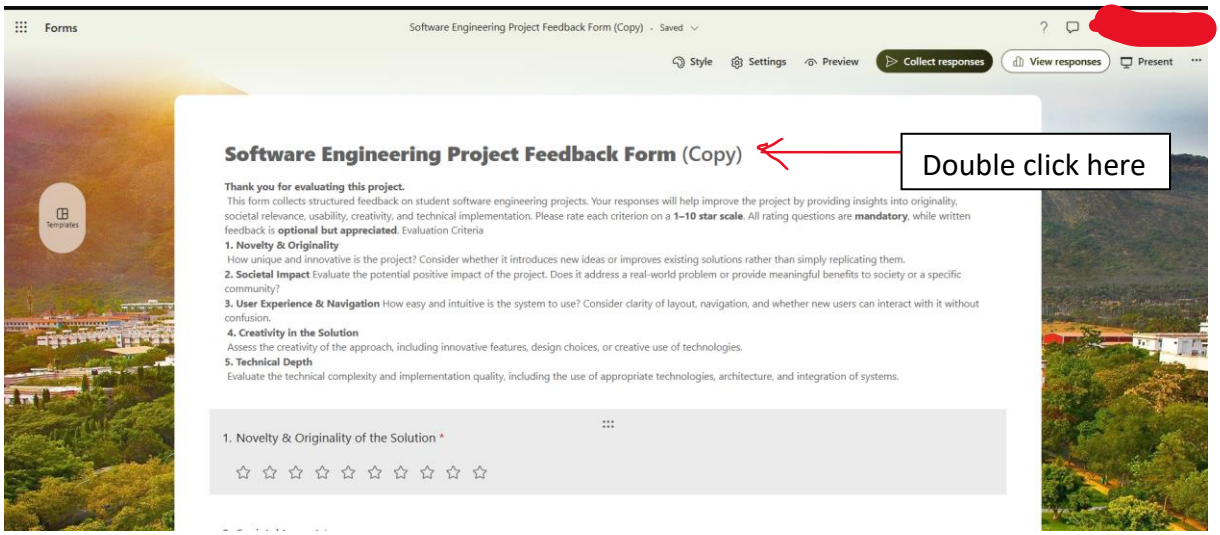
The feedback form template will open in preview mode.



Step 2 — Duplicate the Template

1. Click **Duplicate it** (or **Duplicate form**) at the top of the page.

2. A **copy of the form** will be created in your Microsoft Forms account.

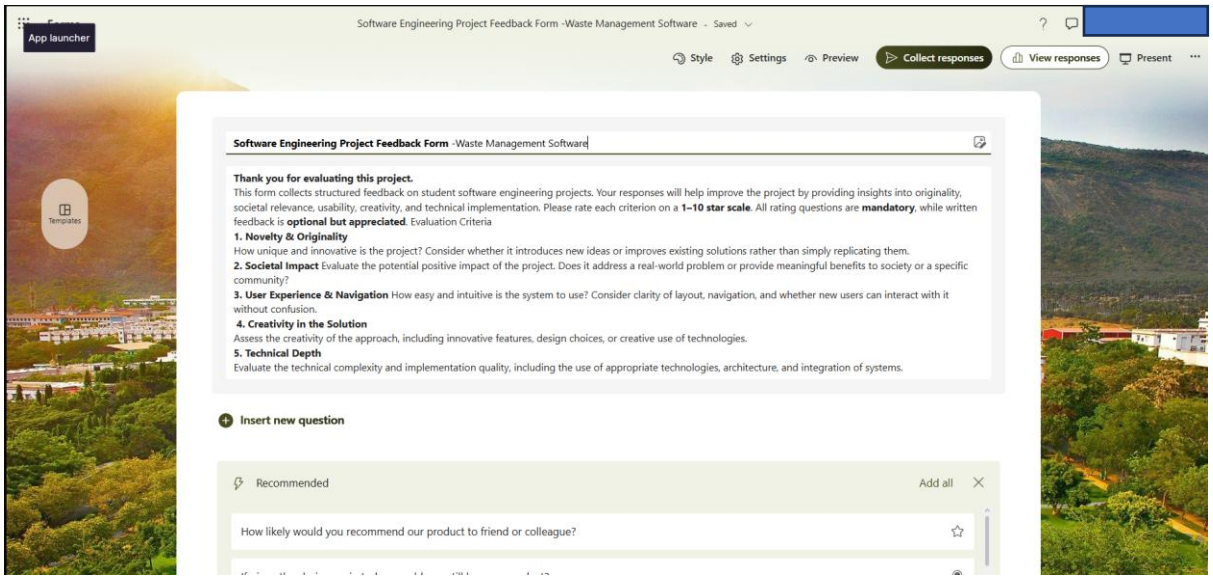


3. Rename the form by prssing on the title using the format:

SE Project Feedback – <Your Project Name>

Example:

SE Project Feedback – Smart Waste Management



Step 3 — Verify the Form

1. Open the duplicated form.

2. Ensure that all **five rating criteria and comment sections** are present.

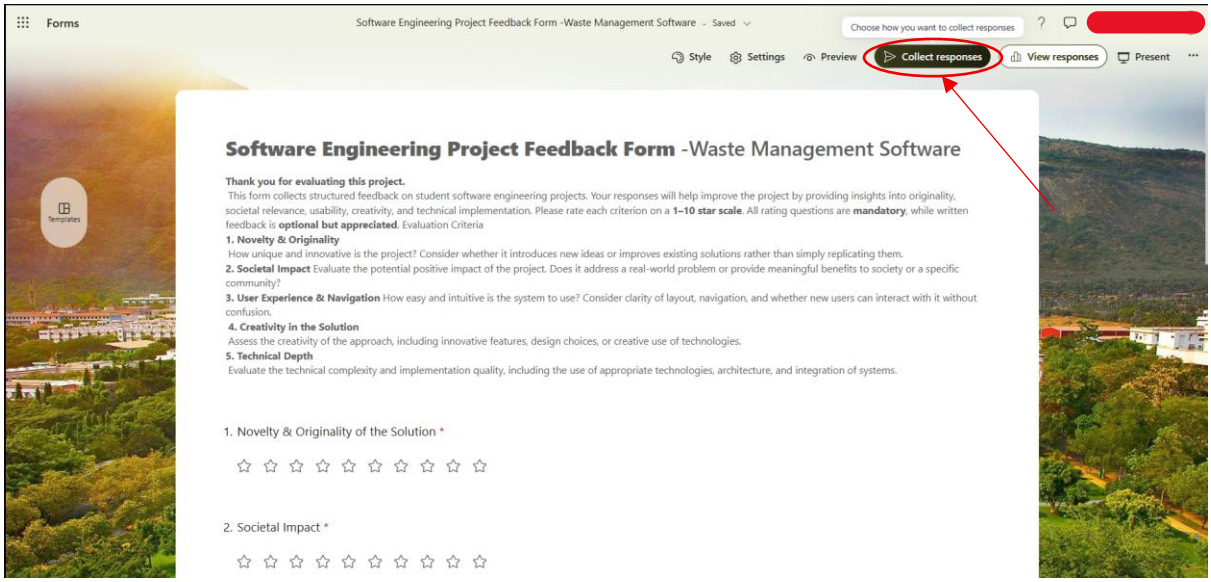
3. **Do not modify the evaluation questions**, as these are standardized for all projects.

You may add:

- Project name
- Team members
- Project description (optional)

Step 4 — Get the Response Link

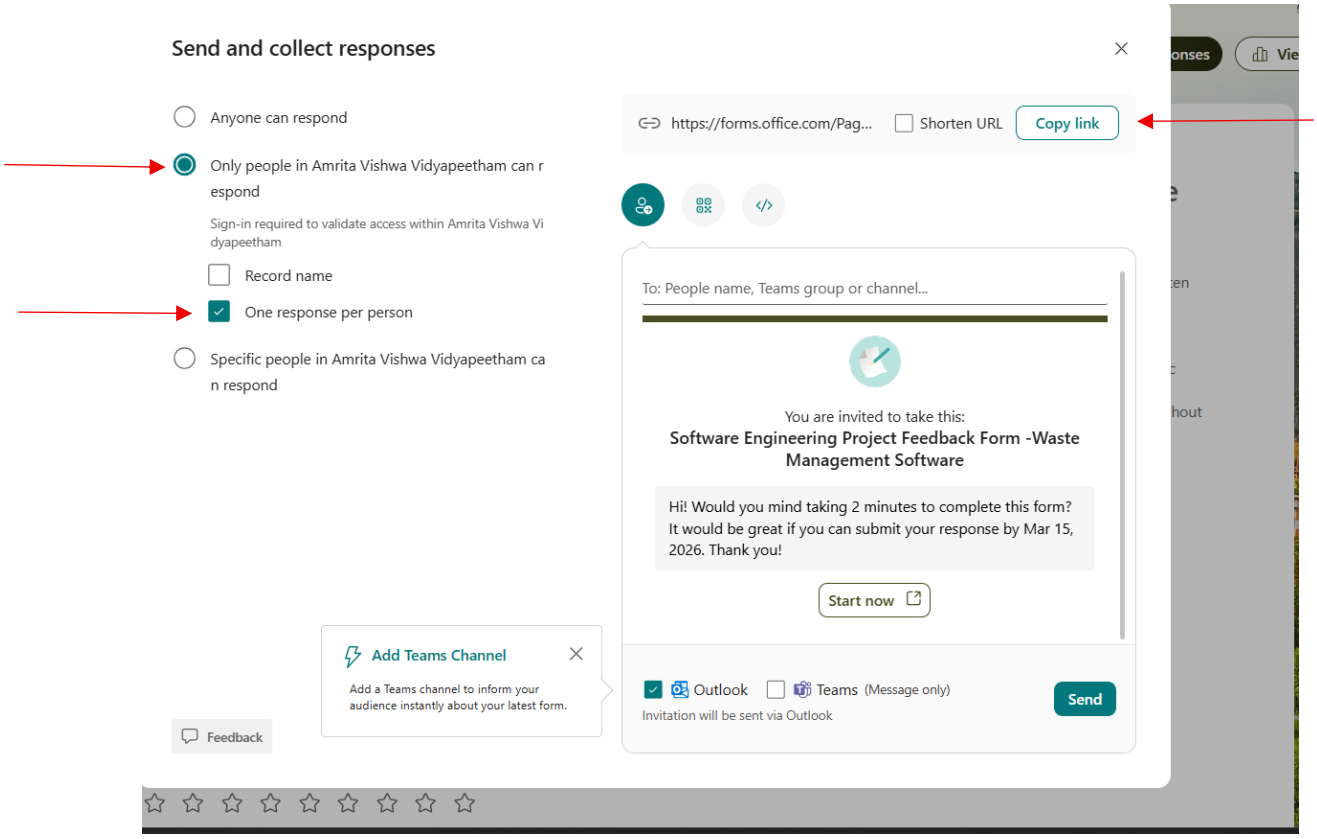
1. Click the **Collect Responses** button at the top-right.



2. Ensure the form setting is:

Anyone within Amrita can respond

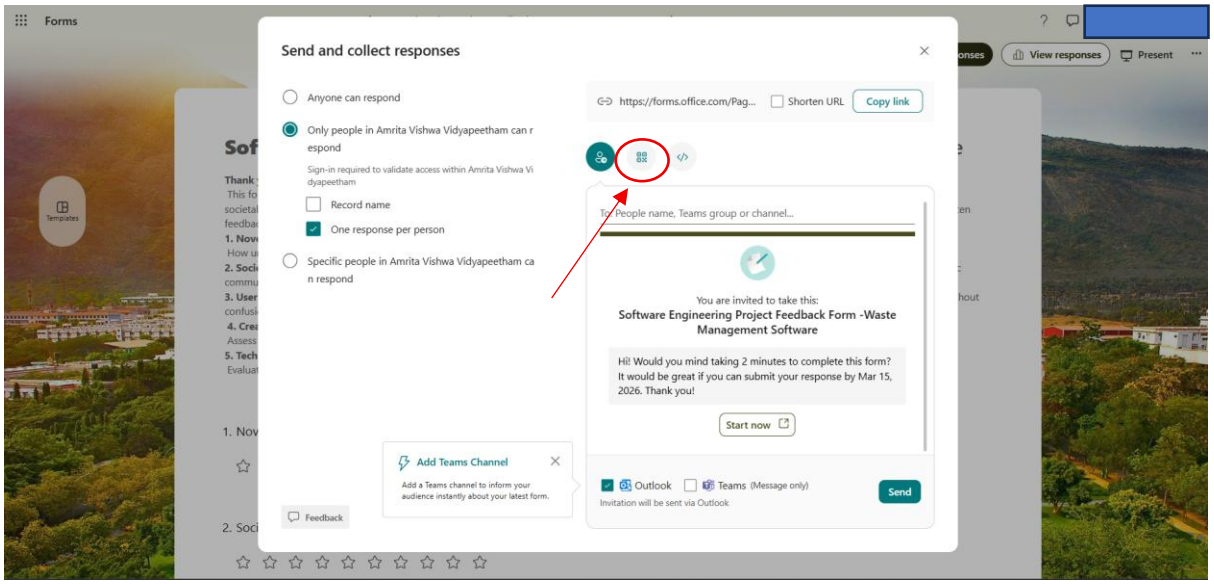
(or the option specified by the organizer).



3. Copy the **response link** generated.

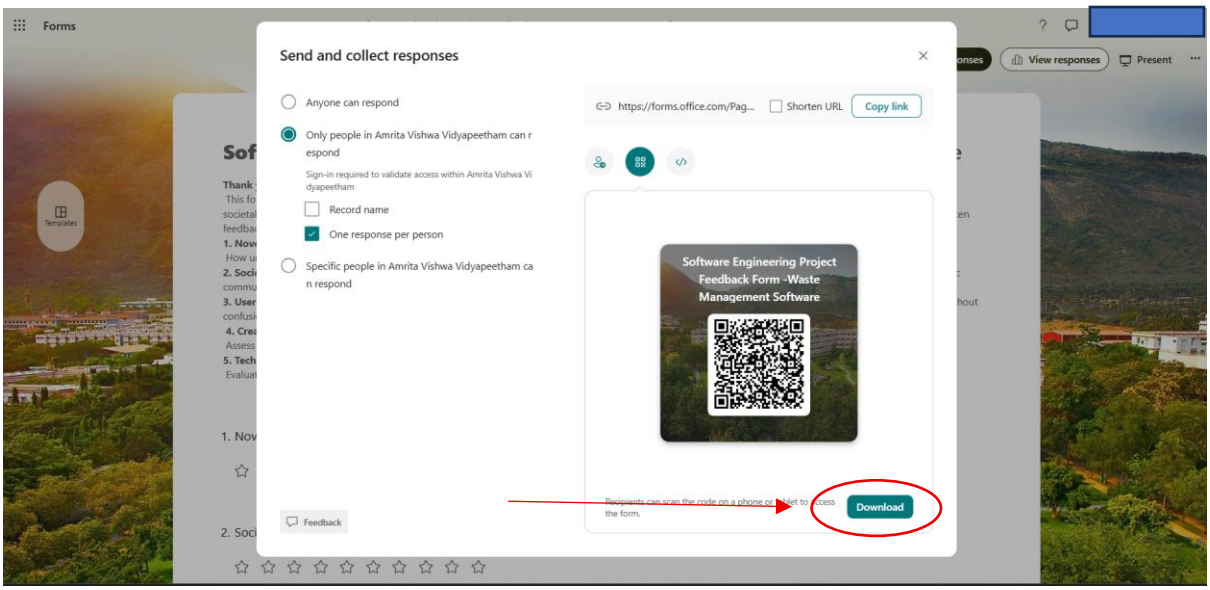
Step 5 — Generate the QR Code

1. In the **Collect Responses** window, click the **QR Code ico**



2. Microsoft Forms will automatically generate a **QR code for your form**.

3. Click **Download** to save the QR code.



4. Recommended format: **PNG (high resolution)**.

Step 6 — Add the QR Code to Your Poster

1. Insert the QR code into your **project poster**.
2. Place it in a visible location and include a label such as:
3. **Scan to Provide Feedback**

or

Project Feedback Form

Step 7 — Test the QR Code

Before printing your poster:

1. Scan the QR code using your phone.
2. Verify that it **opens the Microsoft Form correctly**.
3. Confirm the form **accepts responses using an Amrita email ID**.
